FFA Educational Exhibits

1. Exhibits should be of an educational type rather than farm projects display; however, farm products may be used for decoration or illustration of some point. The exhibit should be so arranged as to explain and illustrate to the public some single aim or activity of the FFA. The exhibit should not attempt to portray too many ideas as this is common criticism of an exhibit of this type. The activities of a local chapter in carrying out some single aim of the organization would be very desirable.
2. Display booths will be 7 feet frontage, 6 feet deep, and 6 feet high.
3. Lighting motors and other mechanical construction should be arranged to permit operation during the entire week. A competent person will start and stop mechanical devices each day.
4. The exhibit must be in place and finished by 8:00 a.m. Monday.

NO TOLERANCE POLICY

Verbal abuse, physical abuse or harassment toward directors, judges, ring stewards, superintendents, employees, OSU Extension staff, junior fair members, club advisors or volunteers of the Athens County Fair will not be tolerated. You may be escorted from the fairgrounds, premiums forfeited, and up Athens County Agricultural Society decision, the family members may not be able to exhibit at the Athens County Fair for a period of time indicated by the committee based upon the severity of the situation.
